In order to be able to host the European Athletics Indoor Championships (the „Event”) in Toruń/POL on 4-7 March 2021, the Local Organising Committee - in agreement with the Polish Government Administration and European Athletics - developed the following set of mandatory sanitary and medical rules and procedures.

By registering (or being registered) for the Event, all Media agree and commit to strictly follow these rules and procedures.

Violation of these rules and procedures may result in the revocation of the accreditation issued and prohibition of attending the Event.

Note: the sanitary and medical clearance procedures described in this document may change in accordance with the development of the COVID-19 pandemic situation in Toruń and Poland. Updates to the document would be circulated as necessary in due time.
Sanitary Rules

• **Wearing a mask** covering the mouth and nose **is obligatory at all times**, except:
  - ✓ **when seated at a table** to have a meal (one must wear a mask if she/he leaves the table for any reason, even for a short period of time);
  - ✓ **when eating/drinking at the Media catering area** (one must wear a mask when not eating/drinking);

• **Social distancing** of minimum 1,5m - 2m shall be strictly applied **at all times**

• **Hand hygiene** must be maintained with regular hand washing and the use of disinfectants.
Sanitary Rules

• Any intentional **interaction with a person not accredited** or not directly involved in the organisation of the EICH is strictly forbidden at all times.

• **Measurement of the body temperature** will be conducted before:
  ✓ boarding the airport/train station shuttle service (upon arrival);
  ✓ entering the competition venue (Arena Toruń);
  ✓ in case of **high temperature** specific measures and additional medical checks will be applied.

• Defined **secured flows** at the event venues must be strictly followed

• Media will receive a „**Sanitary Kit”** upon arrival (with 5 multiuse masks and hand disinfectants), however they shall comply with the applicable travel regulations in force and provide themselves in advance with sufficient quantity of masks and hand disinfectants when travelling to Toruń.
**Medical Clearance Protocol**

**Stage 1**
- Before arrival to Poland/Toruń
  - Conduct a RT-PCR test 3-5 days
  - Complete the medical online questionnaire
  - Give consent to the release of medical information

**Stage 2**
- Upon arrival in Poland
  - Have the hard copy of the RT-PCR test with you
  - Body temperature measurement *when boarding the airport/train station shuttle*
  - Conduct of a RT-LAMP test *upon arrival in Toruń*

**Stage 3**
- On-site in Toruń
  - If applicable, conduct of a RT-LAMP test every fifth (5th) day after the clearance of „Stage 2”
  - Body temperature measurement when entering the competition venue

**Stage 4**
- On-site/before departure
  - Conduct any additional RT-PCR test if requested by the participants for entering homeland
Medical Clearance Protocol

Stage 1

- **Perform one test** to detect SARS CoV2 genetic material (RT-PCR) in a nasopharyngeal or oropharyngeal swab. The swab shall be collected 3-5 days before arrival to Toruń (e.g. if arriving on 3 March, the RT-PCR test shall be conducted between 26-28 February). The **result must be negative**. The result of a serological blood test or RT-LAMP will not be accepted!

- As soon as the result of the RT-PCR test is available (still before the departure to Toruń), **complete the medical questionnaire** and **agree on the release of the medical information** in the Event Management System provided by European Athletics and **upload the negative RT-PCR analysis report** (solely in English language).

All costs related to the performance of this stage **remain the responsibility of the respective individuals**.
Medical Clearance Protocol

Stage 1

• It is the **responsibility of each individual** registered for the event to store the original copies of their medical questionnaire and consent form filled in and signed.

• Each individual travelling to Toruń shall carry the hard copy of his/her negative RT-PCR test as it may have to be presented upon arrival to the local authorities and the organisers.
**Medical Clearance Protocol**

**Stage 2**

- The **LOC will organise a RT-LAMP test** to detect SARS CoV2 genetic material in a nasopharyngeal or oropharyngeal swab.
- Testing will take place **in the Main Testing Centre** (Arena Toruń; see appendix 1) **immediately upon arrival in Toruń**.
- Each person tested will have to wait for the analysis result at the testing location (which may **take up to 45-60 minutes**) before being able to check-in and get accreditation.
- During the RT-LAMP test procedure, masks are obligatory and the consumption of any food or drinks is prohibited.

**All costs** related to the performance of this stage (incl. the RT-PCR for confirmation in case of a positive RT-LAMP) **are covered by the Local Organising Committee**.
Medical Clearance Protocol

Stages 1 & 2 – result analysis

• First stage clearance and negative on-site RT-LAMP test
  ✅ The person will go through the accreditation procedure and will be accommodated in the respective Media hotel, when booked.

• First stage clearance but positive on-site RT-LAMP test
  ✅ The person will not receive accreditation and will be tested with the RT-PCR test. Until the test result is obtained the person will be isolated (app. 6 h) in a dedicated facility.

• First stage clearance but positive on-site RT-LAMP test and negative RT-PCR test
  ✅ The person will go through the accreditation procedure and will be accommodated in the respective Media hotel, when booked.

• First stage clearance but positive on-site RT-LAMP test and positive RT-PCR test
  ✅ The person must undergo isolation (10 days at least) in accordance with Polish public health regulations. Full board accommodation will be organised by the LOC but at the costs of the respective individual.
  ✅ Contact tracing to be initiated.
Medical Clearance Protocol

Flow

Stage 1
- RT-PCR test negative
- Medical questionnaire answered
- Medical data consent given

YES

NO

- Accreditation request rejected
- Person shall not travel to Toruń

Stage 2
- RT-LAMP test on arrival
- Result of the on-site LAMP test is negative?

YES

NO

- A confirmatory RT-PCR test to be conducted
- Result of the RT-PCR test is negative?

YES

NO

The person must undergo isolation at own expenses (10 days at least) in accordance with Polish public health regulations.

Stage 3
- RT-LAMP test every fifth day
- Result of the new on-site LAMP test is negative?

YES

NO

- A confirmatory RT-PCR test to be conducted
- Result of the RT-PCR test is negative?

YES

NO

Accreditation to be revoked and the person must undergo isolation at own expenses (10 days at least) in accordance with Polish public health regulations.

Mandatory contact tracing

Person will finish the accreditation procedure and will be accommodated in the respective media hotel

Medical clearance and accreditation is maintained
Medical Clearance Protocol

Stage 4

- **Media requiring a negative RT-PCR test** for travelling back to their homeland shall confirm the need for such testing by sending an email to `office@torun2021.pl` with copy to `medical@european-athletics.org` by **Friday 26 February at the latest**.

- Further information about the conduct of such additional tests will be provided during the accreditation procedure.

All costs related to the performance of these additional tests **remain the responsibility of the respective individuals**.
